BIC Matchmaking event 16/02/2017

A PUBLIC-PRIVATE PARTNERSHIP FOR BIOBASED INDUSTRIES

Bio·based Industries Consortium

Welcome

Mat Quaedvlieg

Chair BIC & SAPPI

Introduction

Dirk Carrez

Executive Director BIC

Important remarks

Bio·based Industries Consortium

- Within BBI, focus is on innovative **value chains**
- Objective of BBI is (industrial) deployment: **industry participation** is a must
- In RIA projects, (large) industry can participation with **“in kind” and/or “in cash” contribution**
- In Innovation Actions, industry can also participate with **“Additional Activities”**
- BIC has to finance 50% of the administrative cost of BBI Programming Office → **4% project contribution**
  - Please inform your partners in consortia in an early phase!
- **Annual reporting** on the in-kind (IKOP) is an obligation!

In kind Contributions to Operational Activities (IKOP)

Bio·based Industries Consortium

- IKOP= eligible costs – reimbursed (BBI or other EU funding)
- Can be reported and certified on the basis of non-reimbursed eligible costs
- If the report is on the basis of non-reimbursed eligible costs, the Certificate on Financial Statements can be used to certify at the end of the project.
- Annual reporting on IKOP is needed according to the Council Regulation
=> BBI JU launches a questionnaire to all participants.
- Large industry participating in RIA projects, not being reimbursed, can certify "total costs"

MME 2017 Statistics
